1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Corwin P. Umbach (40,211) on June 29, 2004.

The application has been amended as follows:

In claim 23 at line 1, replace "1," with - - 5, - - .

In claim 24, at line 1, please replace "1," with - - 5, - - .

In the specification on page 1, before line 1, (line 2 of the amendment to the specification in the preliminary amendment of 08/02/2001) please replace "allowed" with - - U.S. Patent No. 6,294,310, issued September 25, 2001 - - .

2. The following is an examiner's statement of reasons for allowance: The arguments and declaration evidence obviate the rejection of record, which presumes the equivalence of Cu and Zn as additives for GeSbTe recording layers. The executed declaration of 5/25/04 (unexecuted filed 5/17/2004) establishes a preference for Zn over Cu or Si as an additive for the GeTeSb recording layers in the recited medium and its unobviously beneficial effect on the crystallization ability of the recording medium.

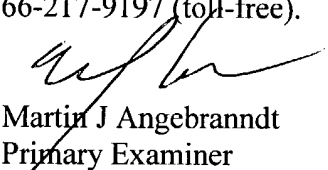

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
